Hank -

Here is a brief resume on [redacted] my  
FEI classmate whom I spoke to you about. I am  
passing his name also to Paul Walsh and I believe  
he will be contacting Don Chamberlain on his own.  
I gather that his disarmament work, though  
interesting, has large elements of frustration  
built into it and he feels it is time to go on  
a SALT-free diet.

All the best.
